# ALFRA - ROTABEST

## DRILLING SOLUTIONS

**MADE IN GERMANY**

## PICCOLO SET Part Number 18535

### Ø12mm - 40mm Core Drill Capacity

**PORTABLE CORE DRILLING MACHINE ONLY 10.6kg  
MOST COMPACT UNIT ON THE MARKET**

- Solid Brass Guides
- 100mm - 200mm Height Adjustment
- New Rota Quick Change System
- Durable Keyboard
  - 1050 Watt motor
  - 400 RPM
  - 8000N Magnetic Adhesion
  - 50mm Core Drill Cutting Depth
  - 132mm Stroke
  - Integrated Coolant System with Coolant Unit
  - Safety Belt

**ALL CONTAINED IN A PLASTIC TRANSPORT CASE**

## MINI SET Part Number 18540

### Ø12mm - 50mm Core Drill Capacity

**RELIABLE WORK HORSE**

- Solid Brass Guides
- Durable Keyboard
  - Powerful 1200 WATT Motor
  - 2 Speed Gearbox 280/500 RPM
  - 12000N Magnetic Adhesion
  - 35mm Core Drill Cutting Depth
  - 150mm Stroke
  - 19mm Weldon Direct Arbor
- Integrated Coolant System with Coolant Unit
- Safety Bolt
- Only 15kg Weight

**ALL CONTAINED IN A PLASTIC TRANSPORT CASE**

## NEW GEN 50 RQ Part Number 18610

### Ø12mm - 50mm Core Drill Capacity

- Solid Brass Guides
- 160mm - 260mm Height Adjustment
- New 3 Coil Magnetic Power Increase Magnet
- New Rota Quick Change System
- Durable Keyboard
  - Powerful 1200W Motor
  - 2 Speed Gear Box 250/450 RPM
  - 16000N Magnetic Adhesion
  - 50mm Core Drill Cutting Depth
  - 170 mm Stroke
  - Accepts Tapping Chuck
- Integrated Coolant System with Coolant Unit
- Safety Belt
- Only 16kg

**ALL CONTAINED IN A PLASTIC TRANSPORT CASE**

**LATEST TECHNOLOGY IN MAGNETIC DRILLS**

## SPECIAL FEATURES

### SOLID BRASS GUIDES

- This is the heart of the machine to guarantee optimum side guidance and durability

### ADJUSTABLE HEIGHT DUE TO

- Double dovetail motor mount
- Easier for difficult applications
- Maximise machine stroke to accept standard jobber drills

### NEW MAGNETIC SYSTEM

- New 3 coil magnet with latest technology
- MPI magnet system (Magnetic Power Increase)
- Electronic increase of magnetic adhesion as drilling operation requires greater adhesion

### ROTA QUICK CHANGE SYSTEM

Tool-less cutter change

## JUNIOR TAPER

Part Number 18625

Up To Ø80mm Core Drill Capacity

- Solid Brass Guides
- 226mm - 286mm Height Adjustment
- New 3 Coil Magnetic Power Increase Magnet
- Durable Keyboard
  - No. 3 Morse Taper
  - Powerful 1800W Motor
  - Gearbox with Clutch
  - 4 Speed Gearbox 110, 175, 245, 385 RPM
  - 20000N Magnetic Adhesion
  - Adjustable Magnet Foot 30° to Left + Right
  - 200mm Stroke
  - 110mm Core Drilling Depth (with AMK 3L)
  - Safety Belt
  - Only 22kg

**ALL CONTAINED IN A PLASTIC TRANSPORT CASE**

- Coolant Unit, Toolholder & Cutter are optional Extras

**80mm CAPACITY**

## MASTER TAPER

Part Number 18630

Over Ø100mm Core Drill Capacity

- Solid Brass Guides
- 295mm - 400mm Height Adjustment
- New 3 Coil Magnetic Power Increase Magnet
- Durable Keyboard
  - No. 3 Morse Taper
  - Powerful 1800W Motor
  - Gear Box with Clutch
  - 4 Speed Gear Box 110, 175, 245, 385 RPM
  - 20000N Magnetic Adhesion
  - Adjustable Magnet Foot 30° to Left + Right
  - 245 mm Stroke
  - 110mm Core Drill Depth (with AMK 3L)
  - 35mm Twist Drill Capacity
  - 30mm Tapping Capacity
  - Safety Belt
  - Only 28kg

**ALL CONTAINED IN QUALITY TRANSPORT CASE**

- Coolant Unit, Toolholder & Cutter are optional Extras

**KING OF MAGNETIC DRILLS**

## CORE DRILLS WITH BITE

- 5% Cobalt
- Incomparable Quality
- Longer Lasting
- Faster Drilling Times
- Multifit Shank

**DURABLE KEYBOARD**  
Designed for ease of use along with extreme durability

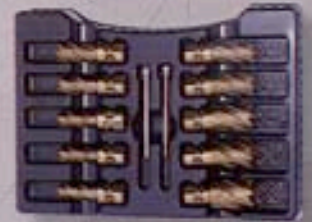

**MADE IN GERMANY**

## CORE DRILLS

## CORE DRILL SETS

## OPTIONAL EXTRAS

Drill Chuck

Coolant Unit

Pipe Clamp Attachment

Vacuum Attachment

## OPTIONAL EXTRAS

Safety Strap

Magnetic Swarf Remover

Wax Lubricant Stick

BIO 2000

RIXOL 2000

## COOLANTS + LUBRICANT

## TOOL HOLDERS

Tapping Chuck

Rota Quick Arbor

Arbor for AL Cutters

Weldon Arbor

## ACCESSORIES

Drill

Stand
