

## ROTARY SWAGE, JENNY & WIRING MACHINE

### SJ-2 (S521) 16 GAUGE (1.6mm) CAPACITY

NEW MOTORISED MODEL AVAILABLE

- Heavy duty cast industrial machine
- Internal gears • Precision machined
- Quality design for long life
- Throat depth max. 11" (280mm)
- Supplied with 3 sets Wiring, Swaging Rollers, 1 Jenny Roller, 1 Closing Roller, 1 Adjustable Depth Gauge and 1 set Crimping Rolls.
- Weight 46kg

MADE IN NEW ZEALAND

SJ-2

### SJ-1 (S520) 20 GAUGE (0.9mm) CAPACITY

- Rigid cast iron construction
- Shafts driven by bronze gears
- Easy adjustment on lower shaft
- Throat depth max. 7 3/4" (187mm)
- Supplied with 1 set Crimping, 2 sets Swaging and 1 set of Jenny Wheels
- Weight 28kg

SJ-1

### POOL FENCING TUBE BENDER

(T045)

OPTIONAL FORMERS  
1/2" at 100mm centres  
5/8" at 110mm centres  
3/4" at 110mm centres

- Bends 5/8" dia tube to 180°
- Gives 100mm centres

### FLAT & ROUND BAR ANGLE BENDING MACHINES

For cold bending steel and other metals

#### FEATURES:

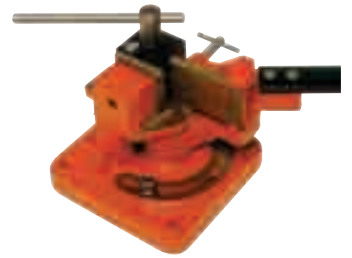

- Heavy cast steel construction
- Quick, cam action clamping block (No.1)
- Heavy clamp vice (No.2)
- Adjustable angle stop for multiple bending

STAND TO SUIT

(B047)

(B045)

(B046)

MODEL	No. 1	No. 2
CODE	B045	B046
Capacity	80 x 6mm	102 x 7mm
(Cold Mild Steel)	60 x 8mm	60 x 10mm
	30 x 12mm	50 x 13mm
Square & Round	20mm	25mm

### MANUAL TUBE BENDER

5 ROUND formers from 1/2"-1" dia.

(T051)

5 SQUARE formers from 1/2"-1" dia.

(T050)

- Ideally suited for bending all sections of steel tube

#### OPTIONAL FORMERS

- Round 1 1/8" dia.
- Flatbar - 25 x 5mm on edge

STAND TO SUIT

(T054)

### 1/2" to 2" PIPE BENDER

- Includes (6) formers
- Built for heavy work
- Cast aluminium formers
- 12 tonne long stroke hydraulic jack

(P075)

### LINISHER

1520x100mm

(L094)/(L095)  
240V/415V

#### FEATURES:

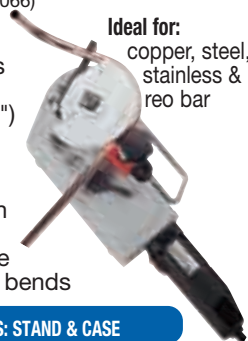

- 1.5HP 240V motor (415V motor available)
  - 1520 x 100mm belt size
  - 175 x 100mm idler size
  - Complete with isolation switch
  - Comes with a heavy duty sheetmetal pedestal stand
- Bench mount models also available

### SUPER EGO ELECTRIC TUBE BENDER ROBEND 3000

- Comes complete with 3 formers (1/2", 3/4", 1") Other sizes available (3/8" - 1 1/8")
- 750 Watt motor, 240 Volt
- High reduction transmission 32 to 3rpm
- Ruler and roller available for thin wall tubing 12, 15, 18, & 22mm
- Patented low-friction guide shoe
- Can preset 0-180° for repetitive bends
- Easy to carry

(T066)

Ideal for:  
copper, steel,  
stainless &  
rebar

INCLUDES: STAND & CASE

### SUPER EGO ELECTRIC PIPE BENDER 3/8" to 2"

- Made in Spain
- Portable 240V
- Automatic piston return
- High-thrust hydraulic pump with 150 kN (15,000 kg) piston rating for high speed working
- Requires minimal maintenance
- Robust construction which can be quickly disassembled, ideal for building site
- Complete with tripod stand

(P082)
